WHMIS Labels

1 Product Identifier
The product name exactly as it appears on the container and on the Safety Data Sheet (SDS).

2 Hazard Pictograms
Hazard pictograms, determined by the hazard classification of the product. In some cases, no pictogram is required.

3 Signal Words
"Danger" or "Warning" are used to emphasize hazards and indicate the severity of the hazard.

4 Hazard Statements
Brief standardized statements of all hazards based on the hazard classification of the product.

5 Precautionary Statements
These statements describe recommended measures to minimize or prevent adverse effects from exposure to the product, including protective equipment and emergency measures.

6 Supplemental information (if required)
May be required based on classification. This information must not contradict or detract from the standardized information.
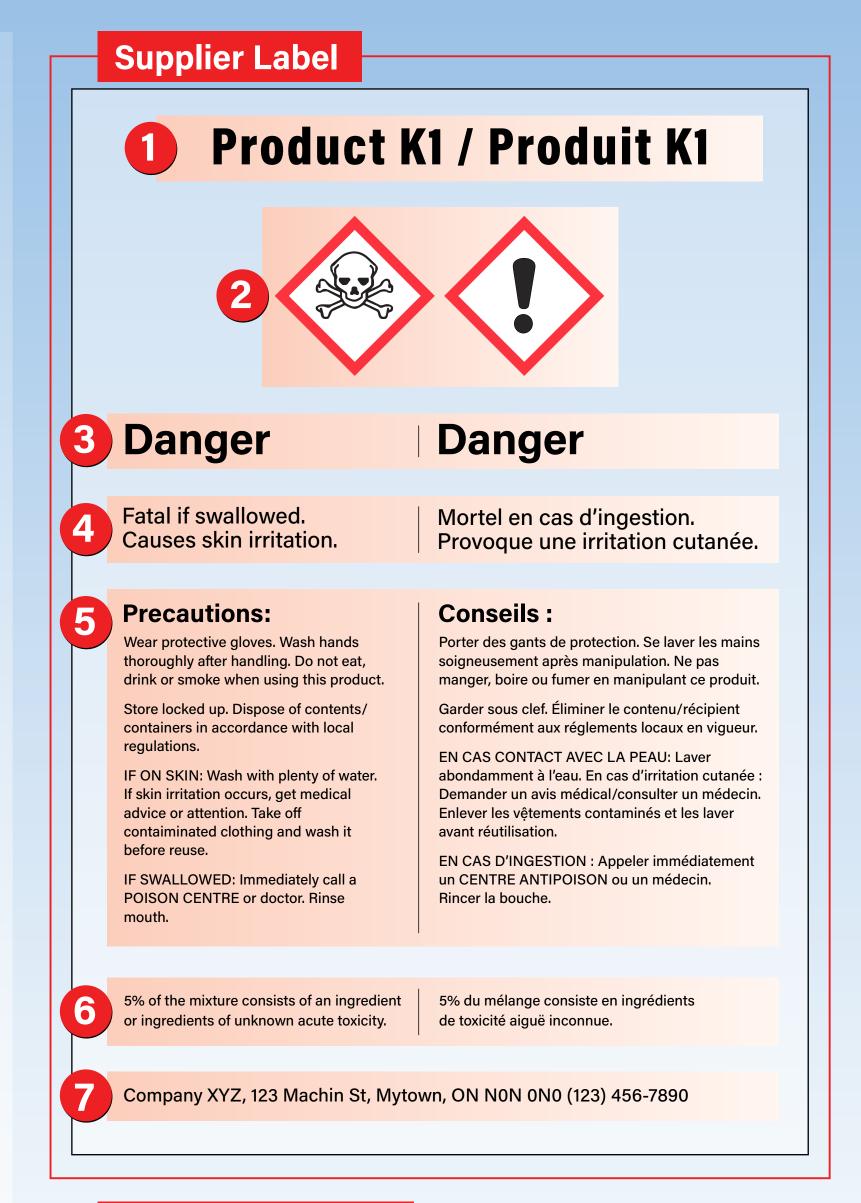

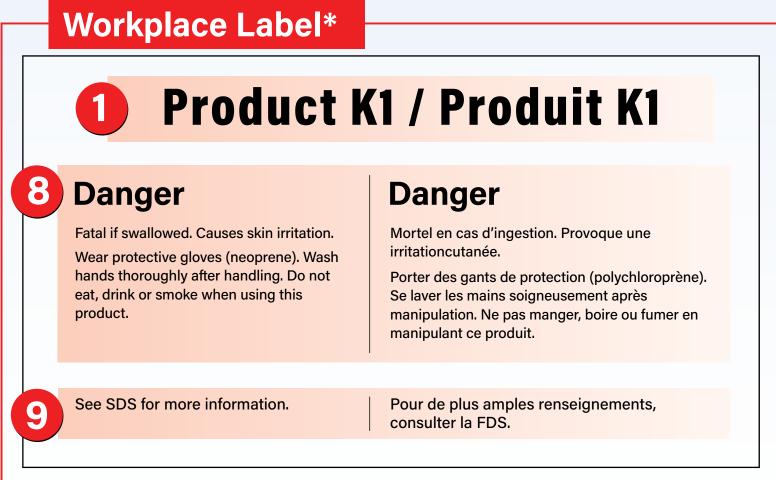

7 Supplier Identifier
The company which made, packaged, sold or imported the product, and is responsible for the label and SDS.

8 Safe Handling Precautions
May include pictograms or other supplier label information.

9 Reference to SDS
If available.
